About Me

-  Creative Designer specializing in motion graphics and video editing, built upon 3+ years of professional graphic and web design experience.
Skilled in transforming static concepts into dynamic visual narratives using **After Effects** and **Premiere Pro**.
-  Combines a 10-year background in fine arts instruction with modern development skills (React JS).
-  Adept at utilizing **generative AI tools** to streamline production workflows and build highly engaging visual media.

Industry Knowledge

-  MOTION GRAPHICS & VIDEO EDITING:
 - Dynamic motion graphics and kinetic typography for making **explainer videos**, **brand ads**, **logo animations**, dynamic **animated intros** and **branded outros**.
 - Professional video editing, **multi-camera cutting**, **narrative structure**, **cinematic storytelling** and **compelling hooks** for commercial media.
 - Audio post-production, **multi-track sound design**, and mixing.
 - Advanced **color grading** and **correction** workflows.

Skills: Adobe After Effects, Premiere Pro, Audition, Audacity

-  VISUAL & GRAPHIC DESIGN:
 - UI design, typography, and advanced color theory.
 - High-fidelity asset manipulation, template, mockup creation.
 - Comprehensive **brand identity** systems and **marketing assets**.

Skills: Adobe Photoshop, Illustrator, InDesign, XD, Figma, Canva

-  ART & ILLUSTRATION:
 - Bespoke **vector** and **raster** digital illustrations optimized for print and digital platforms.
 - Conceptual **character design**, visual world-building, and production storyboarding.

Skills: Adobe Photoshop, Procreate, Clip Studio Paint, Illustrator

-  Anime & Animated Film

Industry Knowledge

- FRONT-END & UI:
 - Pixel-perfect conversion of complex Figma and Photoshop mockups into semantic code.
 - Cross-browser compatibility optimization and fully mobile-responsive layouts.
 - Component-based architecture and dynamic user interfaces using React JS.

Skills: Visual Studio Code, Sublime Text, GitHub, HTML5, CSS3 (Sass/Scss), Bootstrap, jQuery, JS, WordPress (Basic).

Work Experience

WEB & GRAPHIC DESIGNER 2024 - 2025
Neuvo WebTech LLP- Kolkata, West Bengal

- WEB DESIGN:

Designed, and delivered 50+ custom websites for diverse industries, ensuring pixel-perfect execution for clients like Nalanda University.

Created modern website mockups using Figma and Photoshop, translating assets seamlessly using Bootstrap 5, WordPress, and Elementor.

Optimized mobile responsiveness across live production environments, resolving complex CSS/layout bugs and integrating advanced WooCommerce functionalities.
- GRAPHIC DESIGN:

Designed different logos, business cards, icons, brochures, flyers, stickers, and UI elements in Illustrator.

Performed Photoshop editing, image manipulation, social media creative, banner design, graphic art, mockups, book cover design for various projects.

Collaborated on digital ad campaigns by storyboarding layouts and creating motion-ready vector assets for video production.
